

WE'VE GOT A REPUTATION ... AND WE'RE PROUD OF IT

NDSU is a proven international leader
in coatings and polymeric materials
research and education.

We offer:

- master's and doctoral degrees
in coatings and polymers
- teaching and research
assistantships
- tuition waivers
- competitive stipends
- cutting-edge research

Whether your focus is chemistry, physics
or engineering, polymers and coatings is
a solid foundation on which to build your
career and ... a first-rate reputation.
